In SEAL Team Six 2, the team is thrust into the lawless chaos of Libya in the throes of civil war. Their mission is to find and retrieve a Chinese national held within a Gaddafi stronghold deep inside the embattled city of Sirte. The mission is of vital importance if US military and intelligence forces hope to stem the tide of weapons flowing from within the crippled regime. The team is short two men and the planning is hasty. But Manny, Heath, Chili and Flame are willing to jump into the fire, face impossible odds and battle enemies from within and without to protect the Homeland. If they're captured alive, there's no rescue and no release. If they fail, then deadly ordnance falls into the hands of America's enemies. It's a race against the clock as an entire nation falls into the barbaric aftermath of the Gaddafi regime where bloodthirsty rebel bands search for weapons, loot and revenge. The SEALs' mission will bring them to the flashpoint of the revolution as they travel across the free-fire zone of Libya with no one to rely on for their survival but themselves.

EXCERPT CHAPTER TWO

CAMP LIBERTY

BAGHDAD

There was a sense of the last week of school all over the AO.

Explosions still echoed in the city a few times a week, and every now and then a spray of automatic fire could be heard. In spite of that, throughout the camps, there was a feeling of drawing back; a zeitgeist of something ending. Sure, there'd be the frenzy of packing up and pulling out. But then the Iraqis could have the whole shitpile back and it was their problem from then on. They could get back to wasting one another in earnest with the infidels far away. Happy New Year, motherfuckers.

Unless, of course, some Iraqi-based jihadist did dirty on American soil again. Then shock and awe would roll back into town to ruin everyone's day.

The SEALs in theater were still forward positioned; waiting to see what brand of crap hit the fan next in this Arab Spring everyone was hollering about. No one knew where the next blaze was going to start. Until anyone knew what was what and what to do about it, the SEALs would stay sharp and focused. Bricks Three, Five and Seven had taken over a corner of Camp Slayer; part of the massive Liberty complex protecting Baghdad International. Three squads of SEALs and their support staff moved into a climate-controlled warehouse that had recently had all of its stock containerized and transshipped to Bagram for use in that “other” war.
