unSweetined: A Memoir Jodie Sweetin

In this “explosive” (UsMagazine.com) and “brutally honest” (E! Online) memoir, Jodie Sweetin, once Danny Tanner’s bubbly daughter on America’s favorite family sitcom, takes readers behind the scenes of *Full House* and into her terrifying—and uplifting—real-life story of addiction and recovery.

How rude!

Jodie Sweetin melted our hearts and made us laugh for eight years as cherub-faced, goody-two-shoes middle child Stephanie Tanner. Her ups and downs seemed not so different from our own, but more than a decade after the popular television show ended, the star publicly revealed her shocking recovery from methamphetamine addiction. Even then, she kept a painful secret—one that could not be solved in thirty minutes with a hug, a stern talking-to, or a bowl of ice cream around the family table. The harrowing battle she swore she had won was really just beginning.

In this deeply personal, utterly raw, and ultimately inspiring memoir, Jodie comes clean about the double life she led—the crippling identity crisis, the hidden anguish of juggling a regular childhood with her Hollywood life, and the vicious cycle of abuse and recovery that led to a relapse even as she wrote this book. Finally, becoming a mother gave her the determination and the courage to get sober. With resilience, charm, and humor, she writes candidly about taking each day at a time. Hers is not a story of success or defeat, but of facing your demons, finding yourself, and telling the whole truth—*unSweetined*.

This unSweetined: A Memoir can be the response, oh how comes? It's a book you know. You are so out of date, spending your extra time by reading in this brand-new era is common not a geek activity. So what these books have than the others?

Mathew Holstein:

As a college student exactly feel bored to help reading. If their teacher expected them to go to the library or even make summary for some guide, they are complained. Just very little students that has reading's soul or real their leisure activity. They just do what the educator want, like asked to the library. They go to generally there but nothing reading very seriously. Any students feel that studying is not important, boring in addition to can't see colorful photographs on there. Yeah, it is being complicated. Book is very important for you. As we know that on this age, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. Therefore this unSweetined: A Memoir can make you really feel more interested to read.
