The issues are then linked to actual cases concerning or situations faced by indigenous groups.
- **edited materials from a range of authors along with insightful commentary** providing in-depth discussion of the issues and developments
- **discussion of the international and domestic mechanisms by which human rights norms concerning indigenous peoples are implemented.** This provides students with an understanding of the practical implications of the norms and their potential strategic value.
- **background material on the authority and workings of the various international institutions that are addressing indigenous issues**, enabling students to understand the legal or political significance of the relevant developments and place those developments within the broader context of the international human rights system
