Robert Cahill

New England's Ancient Mysteries (New England's Collectible Classics) Robert Cahill

"Called the ""Reader's Digest of New England Archaeology,"" by experts in the field, this book covers all finds and sits by amateur and professional ancient artifact hunters since America was first settled. Hundreds of messages were cut into stone by unknown ancient settlers. Carved faces, well-made homes of rock, Celtic ritual sites, dolmens, and other ancient remnants are scattered throughout the New England states, making it quite apparent that visitors from other lands lived here hundreds of years before Columbus discovered America. Ancient coins, weapons, lamps, containers and art objects have been uncovered as well -- all well documented and described, with photos in this fascinating book."
