Spotlighting the popular female detective and her trusty sidekick, this collection of short stories pursues Modesty Blaise and Willie Garvin through one adventure after another, following their footsteps from South America to Finland. Recounting their constant duels with the world's villains, these tales also detail the dauntless duo's improvised weaponry—from circus cannons to human kites. Serving as a fascinating companion to the legendary crime fighter's full-length escapades, this anthology delves deeper into her relationship with Willie Garvin, who is given his own heroic story while he is once again carried along on even more cunning plans.
