## **The New Winner's Edge: How to Develop The Critical Attitude For Success** Denis Waitley

This timeless masterpiece has been expanded by the author offering time-tested principles for achieving authentic, lasting success, combined with current research in high performance behavior and supported by anecdotal evidence from the lives of "winners" in many different areas of society. It's for you if you have never really succeeded, if you want more of the same success you now enjoy, or if you have made it, lost it, and would like to get it again and keep it. Denis Waitley wants you to understand and internalize how to develop that critical attitude for success -- that little difference that makes all the difference in the world -- known as the winner's edge.

At a tipping point in history, as we are being bombarded by the search for some magical panacea or secret formula for our individual and collective frustrations, *The New Winner's Edge* is a refreshing contrast to the latest fad books on fame and fortune, and is characterized more as an enlightening fact book, with concepts you can trust, internalize and act upon on a daily basis.
