Florida's Unexpected Wildlife: Exotic Species, Living Fossils, and Mythical Beasts in the Sunshine State Michael Newton

Throughout the world, sightings of animals unrecognized by modern science are reported on a daily basis. Since the 1950s, the study of these "hidden animals" has been known as cryptozoology and though many of the reports have been exposed as hoaxes, some have resisted explanation.

In *Florida's Unexpected Wildlife* award-winning author Michael Newton describes exotic species recognized by state wildlife authorities; "extinct" species whose passing is disputed or disproved; various aquatic "monsters" said to occupy Florida's rivers, lakes, and offshore waters; alien big cats; and the search for the elusive, enigmatic Skunk Ape--a local relative of Bigfoot. Newton's tales are riveting, and include a six-foot tall emu encountered by a jogger in a subdivision and a "sea serpent" carcass discovered at the mouth of the St. Johns River in the mid-nineteenth century by passengers aboard a schooner. The stories are illustrated with photographs and the incomparable paintings of artist William Rebsamen, hailed as the "John James Audubon of cryptozoology."

While "monster hunters" can use *Florida's Unexpected Wildlife* as a field guide, casual readers can simply enjoy the many fascinating tales and the wealth of evidence collected in this book. Grab your binoculars and enjoy the quest!

Jewel Tarr:

As a university student exactly feel bored to reading. If their teacher questioned them to go to the library or even make summary for some guide, they are complained. Just tiny students that has reading's heart and soul or real their passion. They just do what the educator want, like asked to go to the library. They go to there but nothing reading really. Any students feel that reading through is not important, boring and also can't see

colorful photographs on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this Florida's Unexpected Wildlife: Exotic Species, Living Fossils, and Mythical Beasts in the Sunshine State can make you feel more interested to read.
