**Build Your Own Queen over King OR Full over Queen OR Twin over Full BUNK BED Pattern DIY PLANS; So Easy, Beginners Look Like Experts; PDF Download Version so you can get it NOW!** Peter Harrington

This is a complete set of plans for my favorite Twin over Full, Full over Queen, and Queen over King Bunk Bed. That's right; ALL SIZES (Twin, Full, Queen, and King)!!!

The Bunk Bed Upon Completion features:

- 1) Attractive and decorative Design.
- 2) Level, Sturdy, and Strong Design that supports an ADULT.
- 3) Step by Step and easy directions with diagrams for every step.
- 4) Blueprint like patterns; Larger Diagrams for those important Steps.
- 5) Height (top mattress 66-1/2") that will fit standard room height (8').
- 6) Height (bottom mattress 17") that provides the perfect amount of room.
- 7) Designs to make for both Standard & XL Twin; Full; Queen; and King sized beds.
- 8) Complete Materials List & Pattern Dimensions that use the least \$ of bldg. material!
- 9) Designed by an Experienced Expert Wood Worker with over 20 years of experience!
- 10) Continued Technical Support from Me "WoodPatternExpert"; 20 Years of Experience!

My instructions with easy to follow patterns and directions are designed as a construction project for the beginning woodworker. Extensive attention is given to speed and ease of construction, with a minimum of tools. A great Bunk Bed can be built with just a skill saw, and drill. Directions are aimed at the beginning woodworker, but should not bore even an experienced carpenter.

**WARNING:** Everyone Will Love This Bunk Bed Design. Just about everyone who sees it will want you to build one or more, for them. (That's the reason I decided to write these plans.) Unlike most plans out there, you will be able to understand these! I have looked at others and I guarantee they are not as good as my plans!

The plan features:

- 35 pages containing very detailed, step by step instructions.
- Each step includes diagrams and or photographs to assist in the construction process.
- 17 Patterns; One for each piece that makes construction so easy a "caveman could do it"!
- Built entirely from Standard 2X4's, 2X6's and 1/2" Thick Plywood or any thickness you prefer.
- Tips, Tricks and Notes that allow you to cut without error the first time.
- Can be built with just a skill saw, and drill.
- This project plan is designed for the beginning woodworker, but should not bore even the most experienced carpenter.
