Thirty years on from his first hit single, 'Space Oddity', David Bowie remains the most influential rock star from the post-Woodstock generation. *Strange Fascination* chronicles Bowie's career against the colourful backdrop of post-Beatles pop culture. It's a story of amazing creativity, of huge theatricality and of an almost pathological quest to remain relevant and at pop's cutting edge. It is simply the the most complete account of David Bowie and his impact on pop culture ever written. This book is the first genuinely insightful and heavyweight biography of a true musical icon, fully revised and updated for paperback edition.
