## Handbook of Restorative Justice: A Global Perspective (Routledge International Handbooks)

*The Handbook of Restorative Justice* is a collection of original, cutting-edge essays that offer an insightful and critical assessment of the theory, principles and practices of restorative justice around the globe. This much-awaited volume is a response to the cry of students, scholars and practitioners of restorative justice, for a comprehensive resource about a practice that is radically transforming the way the human community responds to loss, trauma and harm.

Its diverse essays not only explore the various methods of responding nonviolently to harms-done by persons, groups, global corporations and nation-states, but also examine the dimensions of restorative justice in relation to criminology, victimology, traumatology and feminist studies. In addition, they contain prescriptions for how communities might re-structure their family, school and workplace life according to restorative values.

This *Handbook* is an essential tool for every serious student of criminal, social and restorative justice.
