Order of Alphas: Reunion Eris Sage

Will a sinfully curvy woman from his past make this surly shifter reconsider his vow to remain a lone wolf?

Silas has no family, no pack, and that's exactly the way he likes it. He's convinced that his past failure caused him to lose those he loved, so no matter what his old friend Orion says, he won't join the Order of Alphas or any other pack. But the beautiful, curvaceous human he runs across might be just the distraction he needs.

Reina Parrish never figured out what had drawn her to Silas all those years ago, but it doesn't matter now because she's moving on with her life and is close to having the family she's always wanted. But when Silas shows up out of the blue, her plans are tossed asunder.

Her mind tells her to say away. Her body demands she get closer. But when danger approaches, Silas might be the only thing standing between her and the loss of all she holds dear.

***Reunion*, the third book in the Order of Alphas Series, is set five years prior to the events in *Fever*, and it is a standalone story with an HEA.**
