The Little Schemer - 4th Edition

Daniel P. Friedman, Matthias Felleisen

The Little Schemer - 4th Edition Daniel P. Friedman, Matthias Felleisen

The notion that "thinking about computing is one of the most exciting things the human mind can do" sets both *The Little Schemer* (formerly known as *The Little LISPer*) and its new companion volume, *The Seasoned Schemer*, apart from other books on LISP. The authors' enthusiasm for their subject is compelling as they present abstract concepts in a humorous and easy-to-grasp fashion. Together, these books will open new doors of thought to anyone who wants to find out what computing is really about. *The Little Schemer* introduces computing as an extension of arithmetic and algebra; things that everyone studies in grade school and high school. It introduces programs as recursive functions and briefly discusses the limits of what computers can do. The authors use the programming language Scheme, and interesting foods to illustrate these abstract ideas. *The Seasoned Schemer* informs the reader about additional dimensions of computing: functions as values, change of state, and exceptional cases. *The Little LISPer* has been a popular introduction to LISP for many years. It had appeared in French and Japanese. *The Little Schemer* and *The Seasoned Schemer* are worthy successors and will prove equally popular as textbooks for Scheme courses as well as companion texts for any complete introductory course in Computer Science.

From reader reviews:

Lou Morton:

Many people spending their moment by playing outside with friends, fun activity using family or just watching TV 24 hours a day. You can have new activity to enjoy your whole day by reading through a book. Ugh, do you consider reading a book can really hard because you have to take the book everywhere? It alright you can have the e-book, delivering everywhere you want in your Touch screen phone. Like The Little Schemer - 4th Edition which is having the e-book version. So , try out this book? Let's see.

Dale Randolph:

Is it you actually who having spare time subsequently spend it whole day through watching television programs or just lying down on the bed? Do you need something totally new? This The Little Schemer - 4th Edition can be the response, oh how comes? It's a book you know. You are consequently out of date, spending your extra time by reading in this new era is common not a nerd activity. So what these guides have than the others?

Karen Garcia:

Do you like reading a reserve? Confuse to looking for your best book? Or your book seemed to be rare? Why so many problem for the book? But any kind of people feel that they enjoy for reading. Some people likes examining, not only science book but novel and The Little Schemer - 4th Edition as well as others sources were given expertise for you. After you know how the truly great a book, you feel want to read more and more. Science book was created for teacher or students especially. Those guides are helping them to include their knowledge. In other case, beside science e-book, any other book likes The Little Schemer - 4th Edition to make your spare time far more colorful. Many types of book like this one.

Dianne Roy:

A number of people said that they feel weary when they reading a guide. They are directly felt that when they get a half portions of the book. You can choose often the book The Little Schemer - 4th Edition to make your personal reading is interesting. Your skill of reading talent is developing when you just like reading. Try to choose very simple book to make you enjoy to read it and mingle the feeling about book and looking at especially. It is to be first opinion for you to like to start a book and study it. Beside that the e-book The Little Schemer - 4th Edition can to be your new friend when you're experience alone and confuse with the information must you're doing of their time.
