Essentials for the Activity Professional in Long Term Care Sue Lanza

This new textbook outlines key subject matter for activity professionals in the long term care setting, who are in training or are already working in the field. Thoroughly researched and referenced, this text will provide a comprehensive understanding of all relevant information needed by activity professionals. The first section covers the history of the field, the aging process, getting to know residents, and touches on management and environmental issues. Section two focuses on activity planning and implementation, as well as budgeting, program development, and group leadership. Program evaluation and enhancement are presented in section three which also reviews regulatory compliance, quality assurance, and typical problems and solutions...
