Winter Is Coming Tony Johnston

Witness the changing of a season through a watchful child's eyes in this story of nature and discovery from award-winning author Tony Johnston and *New York Times* Best Illustrated artist Jim La Marche.

Day after day, a girl goes to her favorite place in the woods and quietly watches from her tree house as the chipmunks, the doe, the rabbits prepare for the winter. As the temperature drops, sunset comes earlier and a new season begins. Silently she observes the world around her as it reveals its secrets. It takes time and patience to see the changes as, slowly but surely, winter comes.
