Two novels in one large volume, both set in the same universe as *The Ship Who Sang*:

The Ship Who Searched:

Tia, a bright and spunky seven-year old contracted an unknown neural disorder which made her lose control of her body. So she became a shell person—controlling a spaceship as if it were her body and searching for the origin of the disease that laid her low, so that no other little girl will ever suffer the fate of *The Ship Who Searched*.

PartnerShip:

Nancia is a brand new member of the elite Courier Service of the Central Worlds. She's the "brains" of an advanced interstellar ship. The last thing she needed was a cynical "brawn" partner like Forister. But idealistic Nancia and worldly-wise Forister together just might save the galaxy. Neither of them would be satisfied to go through life in a glorified wheelchair; like Helva, *The Ship Who Sang*, they decided to strap on a spaceship!
