Endangered Species (3 Volume Set) Sonia Benson, Rob Nagel

Including the addition of 25 new species, this new 2nd edition is completely updated to reflect the changes in endangered and threatened status. Color photographs and maps provide students with many species threatened by extinction, including amphibians, birds, crustaceans, fish, insects, mammals, mollusks, reptiles and more. Each of the 225 entries gives a species description, location, reason for endangerment and measures being taken to protect it.
