John Lennon: In His Life John Blaney

Thirty years ago, John Lennon's life was tragically cut short, ending one of the most influential and brilliant musical careers of the 20th century.

This photo-biography, with a preface by his wife, Yoko Ono Lennon, takes a look back at the enigmatic legend, and a life marked by restless exploration-into art and music, consciousness and spirituality, politics and protest, love and peace. Featuring family photos and reproductions of documents that bear witness to momentous events and the origins of his "Imaginative" songs, this compilation, like no other, sheds light on his relationships with Paul, George, and Ringo; his attitudes toward mind-expanding drugs, social revolution, and the Vietnam War; the cataclysmic breakup of the Beatles; and the tenderness of his love for Yoko Ono and their only child Sean.
