The Talking Heads, The Boomtown Rats, Blondie, Elvis Costello: this fun new addition to the successful *Encyclopedia* series celebrates the hugely influential New Wave musical movement of the late 1970s and 80s. Originating as a less-aggressive sister movement to punk, New Wave encompassed a wide range of styles, from Brit pub-rock to electronica, synth-pop, and even ska. *The Encyclopedia of New Wave* comprehensively captures this eclectic music, all of which enthralled the newly emergent MTV generation. With its tendency toward romantic minimalism, dark dance beats, and gender-bending antics, New Wave changed the course of popular musical history, as well as fashion and art.
