The Secret of the Universe Nathan R Wood

To that great Quest President Nathan Wood has made a contribution in this book. To me it is more than a Quest, it is a Conquest. In bulk this book is small. In reach it is as vast as the Universe. I could describe it as "The Philosophy of the Universe." The Author probably would prefer to call it "A Philosophy of the Universe." Whether "The," with its suggestion of finality, or "A," calling for further investigation, it is Philosophy, and must make an appeal to all who are seeking light on the fascinating mystery.
