**The School and Society and The Child and the Curriculum (Centennial Publications of The University of Chicago Press) John Dewey**

This edition brings Dewey's educational theory into sharp focus, framing his two classic works by frank assessments, past and present, of the practical applications of Dewey's ideas. In addition to a substantial introduction in which Philip W. Jackson explains why more of Dewey's ideas haven't been put into practice, this edition restores a "lost" chapter, dropped from the book by Dewey in 1915.
