Rabbit (Reaktion Books - Animal) Victoria Dickenson

From Benjamin Bunny to Peter Cottontail, the Velveteen Rabbit to the Flopsy Bunnies, the Rabbit of Caerbannog to Bugs Bunny and Roger Rabbit, the winsome long-eared animal is a permanent fixture of our childhoods. We know rabbits for their place in our stories, myths, and legends, and also for how they helped us learn to tie our shoes. In this richly illustrated book, Victoria Dickenson explores the natural and cultural history of the most familiar of the lagomorphs.

Tracing the history of the species, Dickenson brings to life the giant extinct rabbits of Minorca and the tiny endangered Volcano rabbits of Mexico while focusing on the European rabbit. She explains how humans became this particular rabbit's greatest predator, coveting its fur and flesh, and how they distributed rabbits to such far-flung places as New Zealand and Australia to provide food and sport for settlers. Dickenson also examines the paradox of the rabbit as prey and trickster who outwits all rivals, as cuddly companion for children and symbol of unbridled animal passion. She looks at the use of the rabbit's foot to charm away evil, celebrates the Year of the Rabbit, and discovers the Jade Moon Rabbit, who lives on the moon. Hopping from *B'rer Rabbit* to the Energizer Bunny, *Rabbit* is the perfect gift for anyone who loves these intelligent, adorable creatures.
