*Giacomo Puccini*

**Puccini's La Boheme (Dover Opera Libretto Series) (English and Italian Edition)** Giacomo Puccini

Next to Verdi's *Aïda*, Giacomo Puccini's *La Bohème* is the most popular opera ever written. Performances of *Aïda*, *La Bohème*, *Carmen*, and *Don Giovanni* — the four operas most often performed — constitute approximately 75 percent of the yearly schedule of operas throughout the world.

This volume contains everything the opera goer needs to derive full satisfaction from *La Bohème* except the musical score itself. Most important, it provides the complete text of the Italian libretto, just as it is actually sung; that is, where a singer repeats a phrase several times, each of the repetitions is given here. And facing the Italian text is a completely new translation of the libretto into modern, idiomatic English.

In addition to the libretto and English translation, this edition provides a careful, concise summary of the plot of *La Bohème* and a complete list of the opera's characters. There is also a brief, highly informative introduction by the translator that traces Puccini's masterpiece back to its source in Henry Murger's autobiographical novel *La Vie Bohème*, illuminating the early history of the opera and its later development. Opera lovers can use this book with their own recordings of the opera, read it before attending a performance, or can easily take it along to the performance itself. Those who have regretted the lack of a good, authentic, readable edition of the Italian libretto of *La Bohème*, and have complained of the stodginess of existing English translations, will recognize in this book a first-rate aid to the understanding of one of Puccini's most celebrated operas.
