Social Movements and New Technology Victoria Carty

The emergence of new communication technologies—such as the Internet and social media networking sites and platforms—has strongly affected social movement activism. In this compelling and timely book, Victoria Carty examines these movements and their uses of digital technologies within the context of social movement theory and history.

With an accessible and unique mix of theory and real-world examples, *Social Movements and New Technology* takes readers on a tour through MoveOn and Tea Party e-mail campaigns, the hacktivist tactics of Anonymous, global online protests against rapists and rape culture, and the tweets and Facebook pages that accompanied uprisings across the Arab world, Europe, and the United States. In each case study, the reader is invited to examine the movement, organization, or protest and their use of digital tools through the lens of social movement theory. Discussion questions at the end of each chapter invite critical thinking, further reflection, and debate.

From reader reviews:

Kathryn Sheffield:

The book Social Movements and New Technology can give more knowledge and also the precise product information about everything you want. So just why must we leave a very important thing like a book Social Movements and New Technology? Several of you have a different opinion about guide. But one aim in which book can give many data for us. It is absolutely proper. Right now, try to closer with the book. Knowledge or information that you take for that, you could give for each other; you can share all of these. Book Social Movements and New Technology has simple shape however, you know: it has great and big function for you. You can look the enormous world by wide open and read a guide. So it is very wonderful.

Orlando Hernandez:

Does one one of the book lovers? If yes, do you ever feeling doubt when you are in the book store? Attempt to pick one book that you just dont know the inside because don't judge book by its include may doesn't work is difficult job because you are frightened that the inside maybe not while fantastic as in the outside appear likes. Maybe you answer may be Social Movements and New Technology why because the wonderful cover that make you consider regarding the content will not disappoint you. The inside or content will be fantastic as the outside or even cover. Your reading sixth sense will directly direct you to pick up this book.

Robert Haas:

As a scholar exactly feel bored for you to reading. If their teacher inquired them to go to the library as well as to make summary for some guide, they are complained. Just little students that has reading's heart or real their leisure activity. They just do what the professor want, like asked to the library. They go to presently there but nothing reading really. Any students feel that studying is not important, boring and can't see colorful pics on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore , this Social Movements and New Technology can make you really feel more interested to read.

Elda Baggett:

Many people said that they feel bored when they reading a publication. They are directly felt it when they get a half parts of the book. You can choose the particular book Social Movements and New Technology to make your personal reading is interesting. Your current skill of reading proficiency is developing when you similar to reading. Try to choose straightforward book to make you enjoy to study it and mingle the impression about book and examining especially. It is to be initially opinion for you to like to available a book and go through it. Beside that the book Social Movements and New Technology can to be your new friend when you're truly feel alone and confuse with the information must you're doing of these time.
